Detached house with garden

"Taking care of the roots will allow you to reap the fruits" C. La Bandera

A house with large spaces suitable for hosting a large family and dinners or parties with friends and relatives, this property for sale is in good condition and habitable with a few renovations.

The house is free on two sides, one of which offers a sea view.

The property is accessed from the driveway leading to the garden, which has plenty of parking space and leads to the garage and outdoor oven.

The entrance to the house on the mezzanine floor is preceded by the terrace, which leads to the hallway leading to the spacious kitchen with fireplace and living room. From the kitchen, a hallway leads to the stairs and the bathroom with tub serving this floor. The upper floor offers three double bedrooms, a fourth larger bedroom, and a second bathroom with a window and tub. From the large central hallway, the attic, with a retractable staircase, offers another storage room or the possibility of converting it into a more habitable space.

The tavern: a welcoming room with a fireplace suitable for large dinners is accessible both internally from the living room and from the second external entrance.

The cellar completes the interior spaces of this interesting property located in a quiet, hilly area, easily accessible and convenient to basic amenities.
