Pietrasanta □ Semi-detached house with garden and basement in a quiet residential area
Ref. P473bis

In a pleasant residential area of Pietrasanta, a short distance from the center but in a private and quiet location, we offer for sale an attractive portion of a semi-detached villa in good condition.

The property, with its own entrance, is surrounded by a small private garden and has parking for at least two cars, an increasingly rare and valuable convenience.

On the ground floor, the entrance opens onto a bright living area, eat-in kitchen, guest bathroom, and practical laundry room. Going up to the first floor we find the sleeping area consisting of two large double bedrooms, a bathroom with a window and a bathtub and shower, and two balconies that provide light and outdoor space to the rooms. The property includes a spacious basement, ideal as a relaxation area or social space, already equipped with kitchen connections, as well as a convenient storage room.

The house is in excellent overall condition, ready to move into, and is an ideal solution both as a first home and as an investment, thanks to its strategic location and tranquil setting.

An excellent opportunity in the heart of Versilia.
